The Honorable Eric Cantor  
Majority Leader  
U.S. House of Representatives  
H-329, The Capitol  
Washington, D.C. 20515

Dear Speaker Boehner and Leader Cantor:

I write regarding provisions in H.R. 1249, The America Invents Act, affecting funding of the Patent Trademark Office (PTO). Following constructive discussions with Chairman Smith of the Judiciary Committee, this legislation now includes language that will preserve Congress' "power of the purse," under Article I, Section 9, Clause 7 of the Constitution. The language ensures: the PTO budget remains part of the annual appropriations process; all PTO collected fees will be available only for PTO services and activities in support of the fee paying community; and finally, this important agency will continue to be subject to oversight and accountability by the Congress on an annual basis.

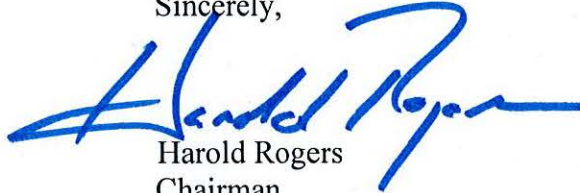

To assure that all fees collected for PTO remain available for PTO services, H.R. 1249 provides that if the actual fees collected by the PTO exceed its appropriation for that fiscal year, the amount would continue to be reserved only for use by the PTO and will be held in a "Patent Trademark Fee Reserve Fund".

At the same time, consistent with the language included in H.R. 1249, the Committee on Appropriations will also carry language that will ensure that all fees collected by PTO in excess of its annual appropriated level will be available until expended only to PTO for support services and activities in support of the fee paying community, subject to normal Appropriations Committee oversight and review.

I look forward to working with the relevant stakeholders in efficiently implementing this new process.

I believe this approach will help U.S. innovators remain competitive in today's global economy and this in turn will contribute to significant job creation here in the United States, while holding firm to the funding principles outlined in the Constitution.

Sincerely,
