

Webinar Invitation

LEGAL ISSUES ON PROTECTION AND ENFORCEMENT OF BIOPHARMACEUTICAL PATENT RIGHTS IN RUSSIA

June 13, 2013

American countries:
12:15-1:15 p.m. (EST)
09:15-10:15 a.m. (PST)
European countries:
Moscow 13:00, Brussels 11:00,
London 10:00

CONTENTS

The webinar is dedicated to selected aspects of getting patent protection for biopharmaceutical inventions in Russia via the Russian PTO & Eurasian PO, in particular, matters that are treated differently to EPO, USPTO or JPO as well as enforcement of patent rights specifically in the pharma field.

AUDIENCE

This webinar will be useful for patent attorneys, lawyers and businessmen who are interested in getting knowledge about patenting biopharmaceutical inventions and enforcing biopharmaceutical patent rights in Russia. The webinar is a unique opportunity for the IP practitioners to get most updated information from Russia.

Duration: 1 hour. Presentation - 45 min. Q&A - 15 min.

Speakers: Dmitry Klimenko, PhD., Patent Attorney, Evgeny Alexandrov, PhD., Chief lawyer

Webinar access information will be sent to your e-mail 1 week before the Webinar.
